Freelance Experience

- Cheeky Monkey Team Project - Cheeky Monkey Academy
 - *Project Link:* <https://github.com/CheekyMonkeyAcademy/CheekyMonkeyAcademy>
 - *Project Scope:* Worked as a part of a four-member team to build an interactive learning platform for children.
 - *Tools:* HTML, CSS, JavaScript, jQuery, Firebase
 - Used JavaScript, HTML and CSS to make an interactive game for kids. Created a click and drag game with images.
- Cheeky Monkey Academy - Writing Academy
 - *Project Link:* <https://github.com/CheekyMonkeyAcademy/WritingAcademy>
 - *Project Scope:* Worked as a part of a team to build a competitive and collaborative writing application.
 - *Tools:* JavaScript, Node, Express, Handlebars, MySQL, Heroku, Restful API's
 - Used listed technologies to create a writing application where users can create stories and users in a specified group each contribute a line for the story which is then voted upon. The line with the most votes gets added to the story. A story is then created, line by line, by many users.
- Cheeky Monkey Academy - CryptoQuarium

- *Project Link:* <https://github.com/CheekyMonkeyAcademy/CryptoQuarium>
- *Project Scope:* Built an application backed by a cryptocurrency where users can buy, sell and trade fish and fish related add-ons.
- *Tools:* React, Express, CSS, Authorization, MySQL, Restful API's, MVC Paradigm
- Spearheaded project UI/UX using React that successfully and dynamically communicates with the SQL database.

Work Experience

Manitou Brewing Company, March 2017 to Present

Server

- Learned a collection of interpersonal skills, such as cooperation, sociability, negotiation and reliability, in a fast-paced restaurant environment that are necessary for teamwork and the pursuit of a common goal.
- Mastered creative problem-solving strategies for resolving customer complaints quickly and effectively.
- Developed outstanding and adaptable communication skills from regular contact with diverse peoples with differing ways of expressing their needs, wants and instructions.
- Augmented customer service skills through building relationships with guests while demonstrating thorough knowledge of food items and house-made brews when making recommendations
- Developed capacity to learn new skills, technologies and frameworks in a quick manner. Learned to be flexible to changes in policies and procedures.

Tasks: Greeted guests upon entry and presented them with menus, guided guests through the menu and highlighted specialty items. Clear and clean tables, deliver drinks and food to appropriate guests.

Freelance Illustrator, December 2016 to Present

- Gained consultancy experience through open discussions about business and project needs with potential clients. Utilized customer service to deliver and develop achievement-focused working relationships.
- Freelancing functioned as a creative platform that encouraged autonomy, required persistence in completing projects despite obstacles, time management and focus to complete projects for clients in timely manner.

Warner College of Natural Resources, September 2008 - September 2013
